

A close-up photograph of a heavy-duty metal tool bit, likely from a construction or mining machine, resting on a gravel surface. The tool bit is dark, weathered, and shows signs of use. The background is a mix of white and yellow geometric shapes, with the gravel surface visible in the lower right.

# ABOUT US

A square peg should never be forced into a round hole, which is why Axis Hire takes an 'inside out' approach to really understand our clients' long-term truck & equipment requirements.

Operating in the Mining, Construction & Civil sectors throughout Australia, Axis Hire has become a name that's synonymous with high quality, long-term fleet hire.

On site, we know that near enough isn't and will never be good enough. So although all our vehicles and equipment are built mine site tough, they can also be custom-designed to service a specific range of industries, including:

- Exploration
- Construction
- Mining
- Civil
- Earthmoving
- Private Infrastructure

Axis Hire's truck, plant and equipment rental fleet includes light vehicles, rigid trucks, civil & earthmoving equipment and buses & coaches of all specifications.

What's more, it's all backed up by a team with decades of industry experience, so we're well positioned to advise you on the best hire solution to meet your objectives.

## FLEET RANGE

- Light Vehicles (Ute, Crew Cab & Wagon)
- Light Trucks (4x2 & 4x4)
- Heavy Trucks (water, crane/hiab, flat bed, tilt & vacuum)
- Civil & Earthmoving Equipment
- Buses & Coaches (including off-road)

## OUR SERVICES

- Identify client requirements
  - Flexible hire solutions
  - Custom builds

-

# OUR TEAM

At Axis Hire, variety isn't just limited to the fleet. With decades of experience across all personnel, you'll benefit from our high-speed decision making and unique problem-solving abilities.

## MARK CATES

Managing Director

Mark's involvement in the rental industry has spanned over 20 years. His pragmatic customer-focussed approach paired with a genuine interest in understanding his clients' requirements, means Mark is always ready to provide sound advice and fit for purpose equipment that gets the job done. Together with his hand-picked team, Axis Hire continues to grow from strength to strength.

✉ [mark@axishire.com.au](mailto:mark@axishire.com.au)

## KYM NOVAK

Chief Executive Officer

With 20 years' experience as CPA qualified Accountant, Kym has worked across a variety of industries and countries. Through Public Practice and Sainsbury's PLC, she's gained experience in Financial and Management Accounting, Tax, Audit, Process Improvement and Property Development. This broad experience forms a sound basis for Kym's natural evolution into the role of CEO, providing robust leadership and direction for Axis Hire.

✉ [kym@axishire.com.au](mailto:kym@axishire.com.au)

## **GREG FORKNALL**

Chief Financial Officer

Over the last three decades, Greg has accumulated experience in such companies as BHP Billiton PLC, Worsley Alumina Pty Ltd and Westralian Sands Ltd. This has equipped Greg with a skillset, spanning Financial and Management Accounting, Contractual Law, Systems Development and Improvement, Tax, Audit, Corporate Governance and Company Secretarial. As a CPA qualified Accountant and a professional member of the Australian Institute of Management, Greg brings a wealth of problem solving skills to Axis Hire's clients.

✉ [greg@axishire.com.au](mailto:greg@axishire.com.au)

## **MAT GUELPA**

Operations Manager

Our Operations Manager Mat draws on 30 plus years' fleet management, asset disposal and maintenance experience. As a qualified mechanic, Mat leads a team that's well positioned to ensure your equipment has the reliability and back-up that you expect. When it comes to ensuring your equipment is built and delivered to your specific requirements, there's no one better equipped than Mat.

✉ [mat@axishire.com.au](mailto:mat@axishire.com.au)

## **DAVE COSTA**

Plant & Rental Manager

Our Rental and Plant Manager Dave has over 20 years' experience in the heavy earthmoving, transport, mining and construction industries. Dave's experience as a qualified heavy duty diesel mechanic, Leading Hand, Foreman, Supervisor, Operations Manager and Business Development Executive gives him a solid skill set to assist with your fleet requirements. His pragmatic approach and operational background makes him the ideal person to ensure your requirements are matched to the right equipment in a safe and cost effective manner.

✉ [dave@axishire.com.au](mailto:dave@axishire.com.au)

Our close-knit team means we're more agile and better able to cultivate real, meaningful relationships with our clients. Put simply, we can remain flexible in delivering a custom solution that works.

# OUR SERVICES: HIRE

## LIGHT VEHICLES

Built Toyota tough, our light commercial vehicles are current models, and full mine spec Australia wide. You won't find "options" here, as we fit everything to our vehicles. Just like the rest of our fleet, we're able to custom build for specific jobs like drilling, explosives and fitters.

## LIGHT TRUCKS

We offer a large fleet of 4x2 and 4x4 trucks that can be built to client specifications. Whether it's an explosives truck or heavy fitters truck, we can supply to fulfil your requirements.

## HEAVY TRUCKS

Our fleet of heavy trucks are available in a myriad of configurations, including water supply, crane/hiab, flat bed, tilt tray, service truck, vacuum truck and tipper – available to be 4WD and fully mine spec'd.

## CIVIL & EARTHMOVING

Whatever your project requires, you'll find it in our fleet of excavators, rollers, dozers, loaders, graders, dump trucks, backhoes, tool carriers and skid steer units. We can even help you select a specific piece of equipment to meet your projects requirements.

## **BUSES & COACHES**

Getting to and from site is covered safely, efficiently and comfortably with our fleet of crew transfer on and off road buses and coaches.

---

# OUR APPROACH

They say that necessity is the mother of invention, and we couldn't agree more. Rather than just providing you with a quote and supplying you with a fleet, we take a more collaborative approach.

We look at what you need, where they'll go and what jobs they'll be on, so we can provide you with equipment that will safely and reliably match your requirements. We make it a priority to ensure that your fleet is perfectly suited to the site and project you assign it. And this is a partnership that we nurture for the lifespan of the project.

## MISSION

To assist our clients to achieve optimum efficiency by delivering the most responsive, customised and valuable fleet and equipment hire solutions throughout Australia.

# CASE STUDIES

## SOUTH WESTERN AUSTRALIA

To the South West of the state, Axis Hire provides a selection of Buses, Earthmoving Equipment, Cranes, Rollers and Water Trucks – all fully equipped to the site's specific requirements.

As this is a critical component of our client's operations, it's paramount that their fleet is maintained to the rigorous standard we set ourselves.

## NORTH WESTERN AUSTRALIA

In this region, Axis Hire provided Light Vehicles and Coaches during the construction phase of various projects. The success of our supply has transitioned into the operational phase of the project with the further supply of light vehicles and buses.

What's more, Axis Hire has become a major supplier of equipment to the General Services and Maintenance Contractors. Fleet ranges from specialist build Vacuum Trucks, Water Tankers, Support & Service Trucks as well as civil Construction fleet such as Skid Steer units and Wheel Loaders of varying capacity.

We are particularly proud of our relationship with our indigenous partners who support these operations.

## PILBARA REGION

In the Pilbara Region, Axis Hire has provided a range of fleet to support EPCM and Bulk Earthworks Contractors. The fleet covered light vehicles, to special-build Off Road Bulk Fuel Tankers, Welding, Fitting, Rail Construction and Service Trucks.

Axis Hire has also provided Construction fleet vehicles, including Light Vehicles, Light Trucks, Heavy Trucks and Coaches for the construction of mine infrastructure as well as the overland conveyor to Tom Price.

## GOLDFIELDS

In the South Eastern corner of Western Australia, Axis Hire is responsible for the supply of high quality fleet vehicles to various sites throughout the region.

Our forte is specialist builds which meet the exacting requirements of our clients. We partner with our manufacturers to provide equipment solutions for challenging conditions.

---

Every project we undertake is unique and requires a tailored solution. Our focus is to save your business time, money and resources.

## NORTHERN TERRITORY

Axis Hire provided Bulk Haulage Fleet, Earthmoving Equipment Support Trucks and Light Vehicles during our Northern Territory clients operations. The fleet was purchased specifically for the project, with significant input from the Axis Hire team to ensure the fleet met the specific requirements of the client.

Axis Hire has also provided significant earthmoving and support fleet to several contractors involved in the construction of other projects across the region, which into the current operational phase.

## QUEENSLAND

Throughout Queensland, Axis Hire is a supplier of light vehicles and trucks in the region. The fleet ranges from mine spec to specialist fleet, all tailored to meet the exacting requirements of the operational environment.

Axis Hire is also the primary supplier of special-build drill and blast equipment for select projects across Queensland.

# OUR PEOPLE & ENVIRONMENT

## OCCUPATIONAL HEALTH & SAFETY

Home safe, every day isn't just a mantra for the service we provide - it's also woven into the fabric of our own company culture. We recognise our moral and legal responsibilities to provide a safe and healthy work environment for all employees, contractors and visitors.

We promote a productive and safe working environment by developing, conducting, reviewing and fine tuning all safety plans, work processes, working conditions, equipment inspection procedures and accident / incident reporting arrangements.

Our continuous improvement culture means our workplace safety systems are maintained through effective management and review of our procedures. Axis Hire is proud to be compliant with all relevant sections of the *Occupational Safety and Health Act WA 1984*.

## ENVIRONMENTAL POLICY

Axis Hire is an environmentally conscious organisation which acknowledges the impact that our operations may potentially have on the environment.

We are committed to continually improving our work practices to limit the negative impact our operations may have on the environment. To this end full adherence to relevant legislative requirements together with training and compliance with workplace procedures ensures environmental best practices are maintained.

Our team with their wealth of industry knowledge exist to support our clientele. We are available 24/7.
